This is UNEVALUATED Information

25X1

1. Between 18 and 20 January 1951, sections of the woods east of the Weisswasser-Nochten road, about 5 km south, were being cleared by soldiers. Most of the felled trees were carted off by local farmers. 25X1  
the soldiers belonged to a small engineer unit quartered in the camp northeast of Nochten. Some of the felled trees were hauled to the camp mentioned on trucks 25X1  
new wooden barracks were under construction in the camp.
2. Another, unoccupied camp was located on the west side of the Nochten-Boxberg road. It allegedly extended for about 1 km, containing in its rear portion wooden billets for officers.
3. No large numbers of troops have been observed in the Weisswasser training area since the fall of 1950. \*

\* Comment. Since the deforestation was at the troop training grounds proper, it was possible to enlarge the firing lanes available. The camps mentioned in the report were described previously 25X1
